To Whom It May Concern:

February 6, 2019

I am writing on behalf of Silja Rós Ragnarsdóttir. She was one of my best students here at the Academy. Not only is she a very talented young actress, she always puts in the work...even the extra work needed to fully explore a character.

I worked with her as an instructor and as her director. I also worked with her on a fully mounted Shakespeare project. She showed great facility with Shakespeare's language and was able to reveal a fully alive emotional life while speaking the text clearly and effectively.

As I mentioned, she always goes the extra mile with any project, whether it's for a class or for a production. She is one of those rare inquisitive learners, she always strives for improvement and for a deeper understanding of the process.

She is respected by her peers because of her talent and because of her commitment. She is eager, determined, and always shows up with new energy and new ideas.

I highly recommend her. She will not disappoint. Please feel free to contact me should you require further information.

Sincerely,

**TIMOTHY LANDFIELD**
